Our SuperPower Makes Us Unique

We have invested millions of dollars to provide our patients with a location that accommodates the patient for their vision wellness, consultations, advanced testing and eye surgical needs. That coupled with our warm, friendly and skilled staff and doctors gives our patients and their family members a convenient, cost effective and an easy access place to get their vision back on track.

For 31 years our focus has been your vision. Cedar Run Eye Center and The Surgery Center provide ophthalmic eye surgery making us the only Center North of Clare focused solely on your eye health and eye surgical outcomes — all under the same roof.

We care for a multitude of eye conditions including diabetic eye care, macular degeneration, corneal transplants, glaucoma surgery & management, complete family eye care, medical evaluations and testing and so much more.

The Surgery Center is our on-site surgical facility. Our team of fellowship-trained doctors perform eye procedures using advanced technologies – providing you with the personal attention, affordability and convenience you deserve.

New patients welcome — we hope to see you soon! Call: [231-929-3888](tel:231-929-3888)

A Message From Dr. Tim Hanley:

Hello,

Your eyesight is a precious gift that no one can take for granted. Regular exams from your eye care specialist, reasonable lifestyle choices and quality care are needed to help you maintain or improve your sight.

Our physicians and highly trained staff look forward to serving your eye care needs – from a routine eye examination to eye surgery. Come experience our experience.

Sincerely,

Dr. Tim Hanley — Founder, Cedar Run Eye Center / The Surgery Center
